# Jimmy Vaniski

Python Developer & Web Developer

About Me

Hello, I'm Jimmy Vaniski, and I thrive on challenges that push me to grow. I'm enthusiastic about all things technology-related and continuously strive to learn how to leverage them in my daily life. With a strong background in Python and a relentless desire to expand my knowledge, I aim to be better than I was yesterday. I'm eager to collaborate with your company, not only to enhance my skills but also to contribute to its success.

Professional Skills

HTML

CSS

JavaScript

Python

Django

Work Experience

Junior Web Developer aArcana Solutions

Nov, 2022 - Fev, 2023

I worked with an incredible team in a very friendly environment developing small web applications and contributing to the implementation of requested features.

Education

Python Developer from Tokio School

2023 – 2023

Professional course using the python language as a base. Learning the fundamentals and basic concepts of the language, then more in-depth concepts such as OOP. The course has a period of 2 years but there are no limits on how many hours to study per day, which made me finish in 6 months.

Css, Html, Js from Estudonauta

2022 – 2022

A free learning platform with various courses focused on the IT field, where I learned the fundamentals of the three aforementioned languages and prepared myself for new challenges.
